Deadlines
 Funding Expertise. Personally Delivered.

April 11, 2018

This publication includes deadline dates for the month of July 2018 and late announcements for the months of June 2018 and May 2018. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Research to Improve Native American Health (R21 Clinical Trials Optional)

Agency: National Institutes of Health

Next Deadline: May 14, 2018

The goal of this R21 funding opportunity is to develop, adapt, and test the effectiveness of health promotion and disease prevention interventions in Native American (NA) populations. NA populations are exposed to considerable risk factors that significantly increase their likelihood of chronic disease, substance abuse, mental illness, and HIV-infection. The intervention program should be culturally appropriate and promote healthy lifestyles, behaviors and social conditions related to chronic disease. LOI's due 30 days prior to application due date. Annual deadline: May 14 Expires May 15, 2020. See <http://grants.nih.gov/grants/guide/pa-files/PAR-17-464.html> for details. Email: ss688k@nih.gov

Program: Science of Learning

Agency: National Science Foundation

Next Deadline: Jul 11, 2018

Supports potentially transformative basic research to advance the science of learning. Program goals are to develop basic theoretical insights and fundamental knowledge about learning principles, processes and constraints. Supports research addressing learning in a wide range of domains including: molecular/cellular mechanisms; brain systems; cognitive affective, and behavioral processes; and social/cultural influences. Supports methods including: experiments, field studies, surveys, secondary-data analyses, and modeling. Annual deadlines: the third Wednesday in January and second Wednesday in July.
