Deadlines
 Funding Expertise. Personally Delivered.

June 13, 2018

This publication includes deadline dates for the month of September 2018 and late announcements for the months of August 2018 and July 2018. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: German Chancellor Fellowship
Program for Prospective Leaders

Agency: Alexander von Humboldt Foundation

Next Deadline: Sep 15, 2018

Up to 10 fellowships are made per year to prospective leaders from the U.S. to conduct a project as guests of the partner of their choice in Germany. Fellows will be recruited from a broad range of areas such as politics and public policy, law, media, business and the arts. Program provides a stay of one year in Germany where fellows are mentored by hosts, whom they have identified on the basis of their expertise. Projects should have a long-term and visible impact and help to advance fellows' careers and professional development. Monthly stipends of 2,150 to 2,750 EUR. Annual deadline: 9/15. Program: Probability

Agency: National Science Foundation

Next Deadline: Sep 25, 2018

Supports research on the theory and applications of probability. Subfields include discrete probability, stochastic processes, limit theory, interacting particle systems, stochastic differential and partial differential equations, and Markov processes. Probability research that involves applications to other areas of science and engineering is especially encouraged. Annual deadline: proposal window is 9/10-9/25. See

Program: Joint DMS/NIGMS Initiative to Support Research in Biological/Math Sciences

Agency: National Science Foundation

Next Deadline: Sep 18, 2018

This joint NSF/NIH initiative supports new and existing collaborations for mathematical and statistical research on questions in the biological and biomedical sciences. The goal is to create new opportunities in quantitative biological research, encourage new collaborations, as well as to support existing ones. Following review, proposals may be recommended for funding by either the NIH National Institute of General Medical Sciences or the NSF Division of Mathematical Sciences. Annual Deadline: 9/1-9/18. Program: Science of Organizations (SoO)

Agency: National Science Foundation

Next Deadline: Sep 04, 2018 (*target date*)

Supports basic research yielding a scientific evidence base to improve the design and emergence, development and deployment, and management and ultimate effectiveness of organizations of all kinds. Projects should advance business practitioners', policy-makers', and research communities' fundamental understanding of how organizations develop, form, and operate. Annual deadlines: target dates are 2/2 (2/4 in 2019) and 9/3 (9/4 in 2018). See

Program: U.S.-Israel Binational Agricultural Research and Development Fund (BARD)

Agency: U.S. Department of Agriculture

Next Deadline: Jul 2018 (*tentative*)

BARD is a competitive funding program for agricultural research, jointly conducted by American and Israeli scientists. Most BARD projects focus on increasing agricultural productivity, particularly in hot and dry climates, emphasizing plant and animal health, food quality and safety, and environmental issues. Program offers postdoctoral, senior research and graduate student fellowships, and also supports international workshops. All fellowships and workshops have an annual deadline: 1/15. Program also offers agricultural research and development projects involving both countries, due annually in September. Step 1 due 7/15/18.
