This publication includes deadline dates for the month of February 2019 and late announcements for the months of January 2019 and December 2018. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Mentored Clinical Scientist Research Career Development Award to Promote Diversity (K08)
Agency: National Institutes of Health
Next Deadline: Feb 12, 2019
This FOA seeks to prepare individuals for careers that have a significant impact on the health-related research needs of the nation. This program provides support and protected time to individuals with a clinical doctoral degree for an intensive, supervised research experience in the fields of biomedical and behavioral research, including translational research. Offers two versions—with and without clinical trials. Annual deadlines: 2/12, 6/12, and 10/12 through 1/8/21. See https://grants.nih.gov/grants/guide/pa-files/PA-18-336.html for details. Program: Multilevel Interventions in Cancer Care Delivery: Follow-up to Abnormal Screening Tests (R01 Clinical Trial Optional)
Agency: National Institutes of Health
Next Deadline: Feb 05, 2019
Supports projects that develop and test multilevel interventions to improve follow-up to abnormal screening tests for breast, cervical, colorectal, or lung cancers. Appropriate applications for this FOA should propose to intervene at two or more levels (patient, provider, clinical team, clinic, healthcare institution, or community setting), and measure outcomes at three or more levels, while accounting for interactions that occur between and across levels. Annual deadlines: 2/5, 6/5, and 10/5 through 1/8/21. See https://grants.nih.gov/grants/guide/pa-files/PA-17-495.html for details. Email: breslaue@mail.nih.gov

**Program:** Quantitative Imaging Tools and Methods for Cancer Response Assessment (R01 Clinical Trial Optional)

**Agency:** National Institutes of Health

**Next Deadline:** Feb 05, 2019

Supports clinically translating already optimized quantitative imaging software tools capable of measuring or predicting the response of cancer to clinical therapies, or in translating imaging software tools for planning and validating radiation therapy treatment strategies in clinical trials. The goal is to validate the software tools during a multi-site clinical trial to demonstrate if the software tool can work in a clinical workflow with minimum disruption. LOI's are due 30 days prior to the application due date. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/20.

**Program:** Marine Debris Research
**Agency:** U.S. Department of Commerce
**Next Deadline:** Dec 14, 2018
Supports research directly related to marine debris through field, laboratory, and modeling experiments. Focus areas include: research that explores the ecological risk associated with marine debris and determines debris exposure levels; research that examines the fate and transport of marine debris; and research that quantifies habitat impacts resulting from marine debris and the gains in ecosystem services that result when debris is removed. Applicants must work with stakeholder groups and target audiences appropriate to the marine debris issue being addressed (e.g. students of all levels, teachers, fishing or tourism industries, elected officials, or the public in both coastal and non-coastal areas, among others). 1:1 Cost-sharing is required. See https://marinedebris.noaa.gov/funding/funding-opportunities for details. Email: tom.barry@noaa.gov

**Program:** Visiting Faculty Program (VFP)  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Jan 10, 2019  
Program seeks to increase the research competitiveness of faculty members and their students at institutions historically underrepresented in the research community in order to expand the workforce vital to DOE mission areas. Selected university/college faculty members collaborate with DOE laboratory research staff on a research project of mutual interest for 10 weeks between May and August. Faculty member participants may invite up to two students (one of which may be a graduate student), but student participation is optional. Topics vary by participating DOE laboratory. **Agency:** U.S. Department of Energy  
**Next Deadline:** Dec 17, 2018  
Offers summer internships (usually 10 weeks) with stipends of at least $600 per week to undergraduates, graduate students and post graduates. Participants may be assigned to research, technical or policy-related projects. Applicants must be pursuing a degree or have a degree in a STEM discipline or have demonstrated interest or experience in a STEM field that supports the DOE mission. Program introduces students or recent college graduates to DOE’s mission and operations. Available appointments will be determined by participating DOE sites. Locations vary by year depending upon sponsoring office needs and available funding. See http://orise.orau.gov/doescholars/ for details. Email: doescholars@orise.orau.gov

**Program:** HBCU/MEI Faculty Summer Research Program  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Jan 11, 2019  
Supports summer research appointments for faculty of HBCUs, HSI and other Minority Educational Institutions (MEI) to increase the number of collaborations and to foster long-term relationships between Oak Ridge National Laboratory (ORNL) research staff and HBCU/HSI/other MSI faculty. The program will pay a monthly stipend of $1,800 per week, plus a $200 per week housing allowance. In addition, the participant will receive limited reimbursement for inbound and outbound transportation and a monthly dislocation allowance of $500. Faculty encouraged to work with undergraduates, who apply separately through DOE’s SULI Program. See https://orise.orau.gov/ornl/faculty/hbcu-mei-summer-program.html for updates.
