This publication includes deadline dates for the month of December 2017 and late announcements for the months of November 2017 and October 2017. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Agency: National Science Foundation
Next Deadline: Dec 05, 2017
Program seeks proposals that address cybersecurity education and workforce development. The Scholarship Track (proposal window: 7/10-7/31) provides funding to award scholarships to students in cybersecurity. All scholarship recipients must work after graduation for a government organization in a position related to cybersecurity for a period equal to the length of the scholarship. The Capacity Track (proposal window: 11/17-12/5) seeks innovative proposals leading to an increase in the ability of the U.S. higher education enterprise to produce cybersecurity professionals.
