This publication includes deadline dates for the month of July 2017 and late announcements for the months of June 2017 and May 2017. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

**Program:** Special Research Grants Program - Aquaculture Research

**Agency:** U.S. Department of Agriculture

**Next Deadline:** May 17, 2017

Program seeks to support the development of an environmentally and economically sustainable aquaculture industry in the U.S. and generate new science-based information and innovation to address industry constraints. Program will fund projects that directly address major constraints to the U.S. aquaculture industry and focus on one or more program priorities, including genetics of commercial aquaculture species and critical disease issues impacting aquaculture species. A 100% match is required. See http://nifa.usda.gov/funding-opportunity/special-research-grants-program-aquaculture-research for details. Email: Gene.W.Kim@nifa.usda.gov

**Program:** Rapid Innovation Fund

**Agency:** U.S. Department of Defense

**Next Deadline:** May 19, 2017

Program supports the rapid insertion of innovative technologies into military systems or programs that meet critical national security needs, and facilitates innovative technologies that show a clear transition path to fielding the technology into existing Acquisition Category programs or other defense acquisition programs. HFRs are eligible to apply and encouraged to partner with small businesses. Separate BAAs exist for Biotechnology, and "Physical, Engineering & Life Science". **Program:** Distributed Operations (DistrO)

**Agency:** U.S. Department of Defense

**Next Deadline:** Jul 14, 2017

Program seeking white paper research proposals on software components that autonomously assess the progress of their operations, identify deviations from expected activities and outcomes, and recommend adjustments to enable continuous operations at forward nodes in anti-access and area-denial environments. Focus areas include: Planning and Assessment Technology Development; and Distributed Integration and Experimentation. Applications are accepted on a rolling basis. Approximately $9.9 million will be available from FY 16 to FY 19. See http://tinyurl.com/j9x93bz for details. Email: Gail.Marsh@us.af.mil

Deadlines Page 18 of 21
Program: DARPA: Information Innovation Office
Agency: U.S. Department of Defense
Next Deadline: Jul 10, 2017
Supports innovative research proposals in the areas of program analysis, verification, and big data analytics for specifying, discovering, and understanding properties of complex software systems. Programs include: World Modelers, focused on causal modeling, forecasting, and analysis techniques (5/11/17); Active Interpretation of Disparate Alternatives (6/6/17); Cyberspace Operations R&D (7/10/17); and Information Innovation Office Office-wide BAA (8/25/17) See http://tinyurl.com/zx5hvug for details. Email: DARPA-BAA-15-54@darpa.mil
CFDA Number: 12.910
Contact: Suresh Jagannathan, Program Officer DARPA

Program: DARPA: Microsystems Technology Office Programs
Agency: U.S. Department of Defense
Next Deadline: May 24, 2017
Supports research in electronics, photonics, MEMS, algorithms, etc. to deliver new capabilities to communicate and process data. Current solicitations include: Dynamic Range-enhanced Electronics and Materials, (5/24/17); Atomic Magnetometer for Biological Imaging in Earth's Native Terrain (6/1/17); Microsystems Technology Office Commercial Performer Program (10/4/17); and the MTO Office-Wide BAA, which supports unsolicited proposals in MTO focus areas (9/13/18). See http://tinyurl.com/zx5hvug for details. Email william.chappell@darpa.mil
CFDA Number: 12.910
Contact: William Chappell, MTO Office Director DARPA
Next Deadline: May 19, 2017
Supports innovative R&D in system and technology development. Current solicitations include:
Strategic Technologies, seeking applications in these focus areas: Situation Understanding, Multi-Domain Maneuver, Hybrid Effects, System of Systems, Maritime Systems, System of System Enhanced Small Units, and Foundational Strategic Technologies and Systems. (3/18/18) and Hunter, seeking innovative concepts for the delivery of advanced uncrewed underwater vehicles (5/9/17) See http://tinyurl.com/zyxshvug Email: nils.r.sandell@darpa.mil

Program: Defense University Research Instrumentation Program (DURIP)
Agency: U.S. Department of Defense
Next Deadline: Jul 07, 2017
Purpose is to provide equipment to enhance research-related education currently being funded or has been proposed for funding by the DoD. Grants will be for the purchase of research equipment costing $50,000 or more, which typically cannot be purchased within the budgets of single-investigator awards. IHEs with degree granting programs in science, math, and/or engineering are eligible. Announcement covers research areas interest areas of the ARO, ONR and AFOSR BAAs. Program: Science Undergraduate Laboratory Internships (SULI)
Agency: U.S. Department of Energy
Next Deadline: May 31, 2017
Program encourages undergraduate students to pursue STEM careers by providing research experiences at DOE National Laboratories. Interns perform research, guided by laboratory staff, on projects related to ongoing programs. Appointments are for 10 weeks in the summer, 16 weeks in the spring and fall. Each DOE laboratory/facility offers different research opportunities; not all DOE laboratories/facilities offer internships during the Fall and Spring Terms. Applications for Fall 2017 term due 5/31/17. See http://science.energy.gov/wdts/suli/ for updates. Email: sc.helpwithapplication@science.doe.gov
